2022 Special Olympics USA National Games

Team Oregon will be comprised of **39 total delegates** from across Oregon who will represent Special Olympics Oregon at the *2022 Special Olympics USA Games in Orlando, Florida* from June 5-12, 2022.

Special Olympics Oregon will have participants from 5 different sports –athletics, basketball, bocce, bowling and swimming (aquatics). NOTE: The basketball team will be a Unified Sports® HS team selected from the Unified Champion Schools (UCS) program.

A complete list of the SOOR quota breakdown is included in this memo.

The 2022 SO USA Games will take place June 5-12, 2022 in some of the best sports/entertainment facilities in the Orlando area – including Disney Wide World of Sports, Exploria Stadium, Rosen Aquatic Center and more.

The 2022 Special Olympics USA Games will feature 4,000 athletes, 10,000 volunteers, and 125,000 fans, all of whom will unite in the Orlando area and participate in one of the country’s most cherished sporting events.

Athletes will compete in 16 Olympic-type team and individual sports. The Games will promote the ideals of acceptance and inclusion through sport and will showcase the athleticism and abilities of people with intellectual disabilities, while highlighting Special Olympics’ work in sport, education, health and community-building.

Expenses

Special Olympics Oregon will cover the costs for travel, uniforms and all expenses related to the 2022 USA Games Team Oregon experience including training camp (i.e., travel, meals, lodging). There should be no additional financial burdens for local programs which have athletes, teams, or coaches selected from their community.

Team Oregon delegates will be encouraged to help fundraise for Team Oregon through very specific fundraising initiatives. More details will be shared once the team is selected later in the 2021 calendar year.

NOTE: Family members wishing to travel to Orlando to support athletes will not be part of the delegation and will be expected to cover ALL of their own expenses. Information about the families’ program (credentials, access to preferred housing, tickets to ceremonies, etc...) will be shared to those with athletes and unified partners selected.

Advancement to 2022 Special Olympics USA Games Process – Oregon Teams & Athletes

- SOOR athletes and teams **will be eligible for consideration** for SO USA Games advancement by receiving a gold medal* (in SO Team Oregon quota selected events) at the highest level SOOR competitions held in designated competitions* per the guidelines in the Official Special Olympics Sports Rules, Article I, Section 13 – Criteria for Advancement. Due to various issues (financial and pandemic), the most recent sanctioned competitions to be used for selection took place years ago in some cases. The following competitions will be used to determine those eligible for consideration:
 - Athletics – 2017 SOOR Summer State Games + 2018 SOOR Regional Games (2017 state results are being included since weather impacted several events in 2018)
 - Aquatics – 2019 SOOR Fall Regional Games Competitions
 - Bocce – 2017 SOOR Summer State Games + 2018 SOOR Regional Games (2017 state results are being included since weather impacted several events in 2018)
 - Bowling – 2019 SOOR Fall Regional Games Competitions – held locally (scored and awarded virtually with pre-assigned divisions)
 - Unified Sports® HS Basketball – Specific guidelines are being provided to select a team based on past results at most recent UCS tournaments in 2018 and 2019 along with additional criteria which will be shared in a separate document.

**In some cases, multiple competitions are being used to identify gold medalists due to weather/other cancelations*

***In a few cases, athletes/teams who earned a place lower than gold may also be included on a list for consideration if participant numbers were very small. This was done to ensure that we had enough candidates in the drawing after the screening process. Gold medalists will still take priority should they clear the screening process.*

- A complete list of the SOOR 2022 USA Games Team Oregon Quota is shared in this document.
- Final lists of the athletes to be considered for the drawing 2022 USA Games will be made available on specific dates (see timelines for each sport). Local Program Coordinators will review and inform SOOR of any concerns and provide endorsement or recommendation of removal from consideration. Complete list of criteria will be shared with local programs and assistance from SOOR staff will be provided.
- Athletes will be considered for the drawing in all sports/events in which they have qualified to be eligible (occasionally athletes will earn a gold in multiple sports that have quota slots). However, each athlete will only be able to be selected in one sport for USA Games. In the highly unlikely case that an athlete be selected in more than one sport, he/she would be asked to choose one sport.
- Local programs will review list of gold medalists in quota related sports/events by published due dates. NO LATE ENTRIES will be accepted. Applicants will be screened for appropriateness to travel, behavior, ability to be away from home for over a week, etc... (published criteria standards shared with local programs).

Advancement to SO USA Games Process – Coaches in Athletics, Bocce, Bowling & Swimming (Aquatics)

- Coaches will apply independent of their athletes and may be selected even if none of their local program athletes are selected. Coaches are not assured a selection to Team Oregon if one or more of their athletes are selected. This should not be an issue since coaches will be selected prior to the athlete drawing.
- A selection committee of staff and volunteers will conduct interviews to select all 2022 Team Oregon coaches. More information is shared in the timeline below.

- **Week of August 2-6, 2021** - SOOR athletes/Unified partners in ATHLETICS, BOCCE, BOWLING and SWIMMING (AQUATICS) selected by random weighted draw.
 - - Athletes who have attended a previous World Games or National Games are eligible to advance, but there will be a weighted draw that increases the odds for those who have not attended before.
 - Example: Joey has gone to World Games or National Games 2 times in his SOOR career. Mike has gone once. Sean, Steve and Pedro have all never been.
 - Joey's name would go in the hat once, Mike's twice and Sean, Steve and Pedro's name each would go in 3 times. This is a weighted draw that is proportionate to the number of times that each has previously attended.
