The purpose of shoes for competition is to give protection and stability to the feet and a firm grip of the ground. Such shoes, however, must not be constructed so as to give the competitor any additional assistance, and no spring or device of any kind may be incorporated in the shoes. A shoe strap over the instep is permissible.
- 5) Spikes may be worn. Guidelines are established in the USA Track & Field rules, however the exact maximum length of spikes allowed varies from meet to meet since it is determined by the specifications of the venue where the meet is being held [different surfaces allow for different sized spikes]. Information regarding spike specifications will be distributed to coaches in advance of the competition. Any athlete wearing spikes will be required to have them inspected by an official at the Coaches Meeting prior to competition.

SECTION D – OFFICIALS

- 1) The Starter shall have entire control of the competitors at their marks and shall be the sole judge as to whether or not any competitor has committed a false start. If it is deemed necessary, an Assistant or Recall Starter may be provided to assist the Starter in starting an event, also with the authority to recall the competitors, by the firing of a pistol, in any race in which, in his/her opinion or that of the Starter, the start was not fair.
- 2) The Finish Line Coordinator shall be responsible for alerting all finish line officials that a track event is about to begin and to ensure that these officials are ready to perform their assigned duties prior to the commencement of that event. When this is accomplished, the Finish Line Coordinator shall inform the officials at the starting line of this condition. It is also the duty of the Finish Line Coordinator to ensure that the finish line area is free of all unauthorized personnel during the start, the progress, and the finish of a track event. A Finish Line Coordinator may be assigned to assist the Chief Finish Line Judge and/or Chief Timer in recording times and places.
- 3) A Rules Committee composed of three or five persons, with officials, staff and a coach representative, may be established by the Games Committees to consider protests from decisions of the Referee as to matters that developed during the conduct of the event. One of its members shall be the lead staff.

- 1) Coaches are not allowed in competition areas, unless given approval by the competition committee. Athletes are subject to disqualification if coaches do not adhere to the officials and USA Track & Field rules.
- 2) Properly identified Coaches/1:1 chaperones will only be allowed on the track or in the infield to assist athletes with visual impairments, hearing impairments or severe emotional or behavioral situations.
 - a) Athletes requiring this level of support must have indicated this by placing an “x” in the “1:1” column of the registration form. This will indicate the need for an athlete’s 1:1 chaperone to have in-field access.
- 3) Coaches cannot physically assist or pace athletes in any events.
- 4) Coaches are responsible for knowing and understanding the rules of the sport, not only the modified rules in this manual, but also NGB rules. The National Governing Body of Rules for Special Olympics Athletics is USA Track & Field. The USA Track & Field Rules Book can be found at www.usatf.org.
- 5) Coaches must make sure that all runners and walkers report to the Clerk of Course (Head Stager) in the Track Staging Area no later than the check-in time designated in the Coaches Handbook or event schedule. All field event competitors shall report within the allotted time frame for their events.
- 6) Protests relating to matters, which developed during the conduct of the competition, must be made in writing to the Competition Director at once and not later than 30 minutes after a result has been announced.

 - c) Open Age Group: reserved for combining age groups to meet the required minimum number of competitors or teams in a division, or to ensure quality competition.

Note: The oldest member of a relay team will determine the age division of the team. It is suggested that delegations form

teams that are age appropriate. Male, Female, and Co-ed teams will be divisioned together unless there are enough teams within a category to create equitable divisions.

2) Athletes are divisioned for competition based on their best training entry scores.

SECTION G – RULES OF COMPETITION

1) TRACK EVENTS - Rules and Modifications

a) Start of a race

- i) The start of a race shall be indicated by a line marked on the track or ground not more than 5cm wide (approximately 2in). When starting, all competitors must be behind the starting line and they must not touch the starting line or the surface in front of it with hand or foot.
- ii) All running and walking events shall be started by the report of a pistol or any similar device fired upward after all competitors are steady.
- iii) In running events up to and including the 400m Dash the commands of the Starter shall be "on your marks" and "set," and after all competitors are "set," the pistol shall be fired. The Starter shall not fire the pistol while any competitor is in motion after the command "set."
- iv) The 400m Race Walk may use an interval start to expedite races (meaning a second race may begin while another race is still in progress – allowing enough space to assure that heats will not interfere with each other).
- v) In the 800m, 1500m and 3000m races the command shall be "on your marks" and when all competitors are steady, the pistol shall be fired. A competitor shall not touch the ground with his/her hand(s).
- vi) Prior to each running event, the Starter shall give instructions to competitors concerning the commands to be used. Before the start signal is given, the Starter shall ascertain that the Timers and Judges are ready.
- vii) The Starter shall decide all questions concerning the start.
- viii) No later than the command "on your marks," the Starter shall raise the hand with the pistol. That hand shall remain extended above the head until the pistol has been fired. The hand without the starting pistol shall be raised at the "on your marks" command and dropped at the firing of the pistol to accommodate the hearing impaired.
- ix) If a competitor commences the starting motion after assuming a full and final set position, and before the report of the pistol, it shall be considered a false start.
- x) If a competitor after the command "on your marks" disturbs other competitors in the race through sound or otherwise, it may be considered a false start.
- xi) The Starter or any Recall Starter, who is of the opinion that the start was not fair, shall recall the competitors by firing a pistol.
- xii) No penalty shall be imposed for the first false start, but the Starter shall disqualify the offender or offenders on the second false start. False starts are called on individuals, not on the field.
- xiii) The starter shall give each competitor a chance to do his/her best by:
 - (1) Giving the competitors ample time to settle down after taking their marks.
 - (2) Starting the sequence over if any runner is off-balance.
 - (3) Not holding the runners too long after the set signal.

b) The competition

- i) A runner completes the race when his/her torso (as distinguished from the head, neck, arms, hands, legs, or feet) reaches the perpendicular plane of the nearer edge of the finish line.
- ii) Each competitor shall run in a direct line after entering the final straightaway in all races of two or more turns unless there is another competitor in his or her path.
- iii) Any competitor or participant jostling, running across, or obstructing another competitor or participant so as to impede his or her progress shall be liable to disqualification in that event. The Referee shall have the authority to order the race to be re-held, excluding the disqualified competitor or, in the case of a heat, to permit any competitor(s) seriously affected by jostling or obstruction (other than the disqualified competitor) to compete in a subsequent round of the race.
- iv) In races run entirely in lanes, each competitor should keep in the allotted lane from start to finish (50m, 100m). Unless a material advantage has been gained or a competitor has been obstructed, a competitor shall not be disqualified.
- v) In races run partially in lanes, each competitor must keep in the allotted lane from the start to the marked cut-in points. Unless a material advantage has been gained or another competitor has been obstructed, a competitor shall not be disqualified if he or she:
 - (1) Is pushed or forced by another competitor to run out of the lane, or
 - (2) Runs out of the lane on the straightaway, or
 - (3) Runs outside of the outer lane line on the curve.

- vi) In the 800m Race runners will run in their lanes through the first turn and break toward lane 1 at the break line after the first turn.
 - vii) In the 1500m Race a Waterfall start shall be used.
 - viii) No competitor, after leaving the track or course, shall be allowed to rejoin a race either for the purpose of gaining a place or to pace or to assist another competitor.
 - ix) Any competitor who shall refuse to obey the directions of the Referee or other proper official, or who shall conduct himself/herself in an unsportsmanlike manner, or who is offensive by action or language to the officials, spectators, or competitors at any competition may be disqualified by the Referee from future competition at the meet.
 - x) To be considered a finisher, and eligible for awards, a competitor must complete the race.
 - xi) During the progress of an event a competitor may not be paced by persons not participating in the event or by competitors lapped or about to be lapped. Competitors may not receive any physical assistance.
 - xii) Medical personnel authorized by the Games Committee or Referee to do so may examine any athlete who appears in distress. If in their opinion it is in the best interest of the athlete's health and welfare, they may remove the athlete from the competition.
 - xiii) Visually and hearing impaired athletes: A rope or bell may be provided to assist athletes who are visually impaired. A tap start may be used for an athlete who is both hearing and visually impaired. A sighted guide may not pull or prompt the athlete in any manner.
 - (1) A sighted guide runner may not be ahead of the athlete in any manner. At no time may the guide runner pull the athlete or propel the athlete forward by pushing.
 - (2) Guide runners must wear a bright orange running vest so that they are clearly distinguished from competitors. These vests will be provided by the Games Organizing Committee.
 - xiv) Missed heats

 - ii) In all race walking events, an athlete does not have to have a straight advancing leg while competing.
 - iii) In race walking events, up to and including the 400m, the competitor shall be disqualified with no prior warning when, in the opinion of two or more officials, an advantage has been gained due to a rule infraction.
 - iv) For an athlete who consistently breaks stride or runs in the walk events, it is recommended that he/she enter in the dash races instead of walk races to prevent disqualification.
- d) Relay races
- i) The baton shall be a smooth hollow circular tube made of wood, metal or other rigid material in one piece. Its length shall be not more than 30cm and not less than 28cm. Its circumference shall be 12-13cm and it shall weigh not less than 50g.

 - iv) In races of 4x100m relay, members of a team other than the first runner may commence running not more than 10m outside the take-over zone. A distinctive mark shall be made in each lane to denote this extended limit.
 - v) In the 4x400m relay, at the first take-over, which is carried out with the athletes remaining in their lanes, the 2nd runner is not permitted to begin running outside the take-over zone, and shall start within this zone. Similarly, the 3rd and 4th runners shall begin running from within their take-over zones. The second runners will start in his/her lane and break toward lane one at a breakline marked after the first turn.
 NOTE: *To assist competitors identify the breakline small cones or prisms (5cmx5cm) and no more than 15cm high of the same color as the breakline may be placed on the intersection of each lane and the breakline.*
 - vi) The runners in the third and fourth legs of the 4x400m relay race shall, under the direction of a designated official, place themselves in their waiting position in the same order (inside to out) as the order of their respective team members as they complete 200m of their legs. Once the incoming runners have passed this point, the waiting runners shall maintain their order, and shall not exchange positions at the beginning of the take-over zone.
 - vii) In all relay races, the baton shall be passed within the take-over zone. The passing of the baton commences when it is first touched by the receiving runner and is completed the moment it is in the hand of the receiving runner only. Within the take-over zone, it is only the position of the baton that is decisive, and not the position of the body or limbs of the runners.

- viii) Runners, after handing over the baton, should remain in their respective lanes or zones until the course is clear, to avoid obstruction to other competitors. Should any runner willfully impede a member of another team by running out of position or lane at the finish of the leg, the impeding runner is liable to cause the disqualification of his/her team.
 - ix) Assistance by pushing off or by any other method will result in disqualification.

 - i) Competitors shall start with both feet behind a designated take-off line and on the ground.
 - ii) When starting, competitor's toes shall be behind the take-off line.
 - iii) A competitor shall use both feet on the take-off. He/she may rock backward and forward lifting his/her heels and toes alternately, but he/she may not lift either foot clear off the ground.
 - iv) Each competitor shall be allowed three jumps. It is preferred, but not required, that these be non-consecutive.
 - v) The athlete's best jump will be used to determine places. All three jumps shall be measured and recorded for the purpose of breaking ties.
 - vi) Distance will be measured from the closest part of the athlete's body that is touching the ground. (ie. heel of the closest foot, or hand if the athlete falls back), to the take-off line.
- d) Shot put
 - i) The shot may be steel, brass, or a synthetic-covered implement.
 - ii) A legal put shall be made from within the circle of which the inside diameter shall measure 2.135m (7ft.), and the athlete, or his/her wheelchair, in the course of an attempt may not touch the top edge of the stopboard, the line of the circle, or any surface outside of the circle. It is legal to touch the inside of the stopboard or the iron band.
 - iii) The use of any mechanical aid shall not be allowed. For protective purposes only, the wrist, the hand, or as many as two adjoining fingers may be taped. There shall be no connecting tape between the fingers and the palm, fingers and the back of the hand, wrist and the palm, wrist and the back of the hand, fingers and the wrist and the front and the back of the hand between the fingers.
 - iv) The shot shall be put from the shoulder with one hand only. At the time the competitor takes a stance in the ring to commence a put, the shot shall touch or be in close proximity to the neck or chin, and the hand shall not be dropped below this position during the act of putting. The shot must not at any time be brought behind the line of the shoulders.
 - v) A competitor must start from a stationary position inside the circle, and must exit the back half of the circle upon the completion of the put.
 - vi) The put shall be declared foul and shall not be measured if, after entering the circle and starting the put, the competitor commits any of the following:
 - (1) Uses any method contrary to the definition of legal put.
 - (2) Causes the shot to fall on or outside the lines marking the putting sections.
 - (3) Puts a shot that does not conform to the legal requirements.
 - (4) Wears any illegal device or taping on the putting arm, wrist, hand or fingers.
 - vii) Each competitor shall be allowed three throws. It is preferred, but not required, that these be non-consecutive. The longest measurement of the three throws will be used to determine places.
 - viii) The measurement of each throw shall be made from the nearest mark made by the fall of the shot to the inside of the circumference of the circle along a line from the mark to the center of the circle.
- e) Softball throw
 - i) This event provides meaningful competition for youth and athletes with lower ability levels.
 - ii) A 30cm in circumference softball shall be used.
 - iii) Competitors may use any type of throw.
 - iv) The throwing area should be set up as follows:
 - v) Mark off two parallel lines that are 2.85m in length, with each of the ends being 2m apart. At the back end of the throwing area, place a mark 0.10m in length directly in the middle of the two end lines. (This is your pull through point for measurement.) From this mark, extend an imaginary parallel line out 3m, mark this point, and draw an arc connecting both sidelines, which intersect this point. The ball must land within a sector determined by a 40-degree angle emanating from the center of the back line. Extend two lines out which intersect both points where the arc meets the sidelines.

vi) Softball Throwing Area Diagram

- vii) Each competitor shall be allowed three throws. It is preferred, but not required, that these be non-consecutive. The longest measurement of the three throws will be used for scoring. Throws will be measured from the inner edge of the arced throwing restraining line.
- viii) The measurement of each throw shall be made from where the ball first touched the ground to the inside edge of the arc.
- ix) It is counted as a foul if the competitor:
 - (1) Does not throw the softball so that it initially lands completely within the inner edges of the landing sector lines
 - (2) Where the competitor touches with any part of the body the arc as marked, or any ground beyond the arc or throwing box.
- x) Any throw exceeding 20m will be scored a foul. An athlete who exceeds 20m on ANY of the 3 attempts will be disqualified and awarded a participation ribbon.

4) PENTATHLON

- a) The pentathlon is a single competition comprised of a total score earned by competing in five (5) events. While they are listed in the scoring tables in the preferred order, these events may be conducted in any order during a meet.
- b) Athletes will compete in each of the following events and points will be earned for each event (see scoring tables on the following pages):
 - i) Track Events:
 - (1) 100m Dash – First Event on Scoring Table (pages 15-18)
 - (2) 800m Dash – Fifth Event on Scoring Table (pages 28-32)
 - ii) Field Events:
 - (1) Running Long Jump – Second Event on Scoring Table (pages 19-21)
 - (2) Shot Put – Third Event on Scoring Table (pages 22-26)
 - (3) High Jump – Fourth Event on Scoring Table (page 27)
- c) Athletes must train in all five events and be able to achieve the minimum requirements for each event.
- d) For registration, Pentathlon athletes should submit one TOTAL score using the scoring tables to calculate that qualifying score.
- e) After the completion of these five events, ONE award will be presented to each pentathlon competitor in a division based on the athlete's total score. Awards are not given for individual events within the pentathlon.
